TAMIL NADU COOPERATIVE MILK PRODUCERS' FEDERATION LTD

**TENDER FOR THE SUPPLY AND DELIVERY OF INSTRUMENTS
AND EQUIPMENT TO VARIOUS DISTRICT COOPERATIVE MILK
PRODUCERS' UNIONS UNDER NADP 2008-09.**

1. Sealed Tenders containing two separate covers {(Technical tender - Cover- A) and Commercial tender - Cover - B)} will be received till 07.10.09 at 11.00 A.M. by the Managing Director, Tamil Nadu Cooperative Milk Producers' Federation Limited (TCMPF), Aavin Illam, Madhavaram Milk Colony, Chennai - 600 051, (HEREIN AFTER REFERRED AS TENDER INVITING AUTHORITY) for the supply of Instruments & Equipment to District Cooperative Milk Producers' Unions Ltd (DCMPUs) under NADP 2008-09.
2. ELIGIBILITY CRITERIA
 - (a) Tenderer shall be a manufacturer having valid manufacturing license or direct importers holding valid import license. Authorized stockiest/dealers are also eligible to participate in the tender provided, they furnish the manufacturer's authorization letter.
 - (b) The average annual turn over of the tenderer in the last three years (2006-2007, 2007-2008 and 2008-2009) shall be Rs.25.00 Lakh or more.
3. Price preference not exceeding fifteen percent (15%) for domestic small scale industrial units and not exceeding ten percent (10%) for public sector undertaking of the Government of Tamil Nadu will be allowed for items manufactured by them.

Note: 'Domestic Small Scale Industrial Unit' means an industrial unit in which the investment in fixed assets in plant and machinery, whether held in ownership or on lease or by hire purchase, does not exceed rupees one hundred lakh, and which manufactures the goods within the state and registered with the Director of Industries and Commerce.

4. a) A complete set of tendering documents may be purchased by any eligible tenderer on submission of written application and upon payment of a non-refundable fee Rs.1,040/- (Rupees One Thousand and forty only) as indicated in the advertisement in the form of cash or Demand draft drawn in favour of Managing Director, TCMPF Limited payable at Chennai.
b) Alternatively, the tender document can be downloaded from the websites of www.aavinmilk.com and www.tenders.tn.gov.in at free of cost.
5. Tender document may be obtained from the above office between 11.00 A.M. to 3.00 P.M. on all working days either in person or by post by paying an extra amount of Rs.100/- along with the cost of tender document.
6. All tenders must be accompanied by Earnest Money Deposit as specified in the document and must be furnished with the technical bid. **(Refer Clause 13a)**.
7. Tenders will be opened in the presence of tenderers / representatives who choose to attend on the specified date and time.
8. a) At any time prior to the date of submission of tender, TCMPF may, for any reason, whether at its own initiative or in response to a clarification requested by a prospective tenderer, modify the condition/specification in the tendering documents by an amendment. All prospective tenderers who have received the tendering document will be intimated of the amendment in writing and that will be binding of them. In order to provide reasonable time to take the amendment into account in preparing their tender, TCMPF may at its discretion, extend the date and time for submission of tenders.
b) Any person who has downloaded the tender document shall watch for amendment, if any, in the websites and TCMPF will not issue separate communication to them. **(Refer Clause 4 (b))**.
9. The tender and all correspondence and documents shall be in English language.
10. Interested eligible tenderer may obtain further information from the office of the Tamil Nadu Cooperative Milk Producers' Federation Ltd, aavin Illam, Madhavaram Milk Colony, Chennai - 600 051 or they may seek clarification during pre bid meeting.

TECHNICAL TENDER - COVER "A"

11. The tenderer should furnish, along with the tender, the following for the items tendered in a separate cover hereafter called "**Cover A**".
- a) Earnest Money Deposit in the form of Demand Draft favoring the Managing Director, Tamil Nadu Cooperative Milk Producers' Federation Ltd, Chennai. (**Refer Clause 13 a**)
 - (b) In the case of manufacturer, a duly attested photocopy of License for the products approved by the Licensing authority for each and every product quoted. The license must have been renewed upto date and the items quoted shall be clearly highlighted in the license.
 - c) Duly attested photocopy of import license, if applicable, renewed up to date for the imported items quoted.
 - d) The authorised dealer/stockiest shall enclose a duly attested photocopy of the authorization of the manufacturer authorizing him to deal with the item quoted.
 - (e) Documentary evidence for the constitution of the firm such as Memorandum and Articles of Association, Partnership deed etc. with details of the Name, Address, Telephone Number, Fax Number, e-mail address of the firm and of the Managing Director / Partners / Proprietor.
 - (f) Authorization like power of attorney, resolution of board, for the senior officer of the company who has signed the tender documents and the bid.
 - (g) Declaration form in **Annexure-I** for acceptance of all Tender conditions.
 - (h) Details of supplies done in the last three years with copies of purchase orders and performance certificate. The details may be furnished in **Annexure-II**.
 - (i) Annual turnover statement for 3 years i.e., 2006-2007, 2007-2008, 2008-2009 in the format given in **Annexure-III** certified by the Auditor.
 - (j) Copies of balance Sheet and Profit and Loss Account for three years i.e. 2006-2007, 2007 - 2008 and 2008-2009 certified by the Auditor.
 - (k) Details of Manufacturing Unit in **Annexure-IV**. The details should pertain to the name and address of the premises where the items quoted are actually manufactured. The dealer / stockiest shall also furnish details of the manufacturing unit in Annexure IV of their manufacturer.

- (l) Affidavit in the prescribed format, duly attested by the notary public (**Annexure - V**) swearing that in the case of it's/his tender became successful, the tenderer undertakes to supply the similar items that/those has/have approved in the sample testing by the Tender Inviting Authority, failing which the successful tenderer is liable to be prosecuted.
- (m) Specifications for the list of items tendered- **Annexure VI**
- (n) List of items quoted (**Annexure VII**) (**The name & Item code of the Items quoted alone should be furnished and the rates of those items should not be indicated in this list**).
- (o) Samples shall be submitted as per the list of items specified in the **Annexure VIII**. Samples will be accepted as per this list only. The list should specifically indicate the make / model number, manufacturer and the brand name if any.
- (p) The samples submitted should confirm to this model / brand name only. The tenderer shall submit with the tender (Technical Cover A) the authenticated copy of literature/ brochure for specified items quoted.
- (q) Manufacturers authorization form in the case of Stockiest/ Dealers.
- (r) The tender document signed by the tenderer at all pages with office seal.
- (s) The tenderer shall submit a **Checklist** for the list of documents enclosed with their page number. The documents shall be serially arranged as per this Check list and shall be securely tied or bound.

12. The above documents should be submitted in a separate Cover superscribed as **COVER "A" - TENDER FOR THE SUPPLY AND DELIVERY OF INSTRUMENTS AND EQUIPMENT TO VARIOUS DISTRICT COOPERATIVE MILK PRODUCERS' UNION LTD UNDER NADP 2008-09 DUE ON 07.10.09 AT 11.00 AM** and addressed to the Managing Director, Tamil Nadu Cooperative Milk Producers' Federation Ltd, aavin Illam, Madhavaram Milk Colony, Chennai - 600 051. (Tender Inviting Authority)

EARNEST MONEY DEPOSIT (EMD)

13 (a). Each tender must be accompanied with EMD of the items quoted in the form of Demand Draft favoring Managing Director, TCM PF Ltd, Chennai - 600051 as detailed below.

S.No	ITEMS	EMD amount (In Rs.)
1.	Breeding Items	6800.00
2.	Obstetrical Items	3000.00
3.	Clinical Items	3100.00
4.	Surgical Items	9300.00
5.	Diagnostic Items	24000.00
	Total	46200.00

EMD submitted in any other form will not be accepted. Any tender submitted without EMD in accordance with this clause will be rejected. The EMD of unsuccessful tenderer will be refunded within 30 days after finalization of the tender. The EMD amount will not carry any interest. If the successful tenderer fails to execute the agreement and or deposit the performance security (Security Deposit) within the specified time, or withdraws his tender within the validity period of the tender, this EMD amount will be forfeited.

13.(b) Exemption to Small Scale Industries

Any tenderer claiming exemption from the payment of EMD should produce necessary valid document for SSI registration in the form of entrepreneurs memorandum (EM) as per new system MSMED ACT 2006 of Tamil Nadu Small Industries Development Corporation the District Industries centre of directorate of industries and commerce in respect of those items for which registration certification has been obtained and tenders called by the TCM PF.

Small Scale Industries located outside Tamil Nadu and registered with National Small Industries Corporation will be granted exemption from the payment of EMD in respect of items manufactured by them for which tenders have been called for by the TCM PF.

13.(c) **VAT registration**

Tenderer shall furnish Photocopies of valid Tamil Nadu VAT or CST registration certificates along with the tender.

13.(d) Tenderer shall furnish attested copy of the PAN card.

COMMERCIAL TENDER - COVER “B”

14. Tender should be legibly written/typewritten and every correction in the tender should invariably be attested with full signature by the tenderer with date, failing which the tender will be ineligible for further consideration. Corrections done with correction fluid should also be duly attested.

15. The tenderer shall duly fill up the **Annexure - IX and Annexure – X** for items quoted and their rate and should be submitted in a separate sealed cover super scribed as **“COVER “B” - TENDER FOR THE SUPPLY AND DELIVERY OF INSTRUMENTS AND EQUIPMENT TO VARIOUS DISTRICT COOPERATIVE MILK PRODUCERS’ UNIONS UNDER NADP 2008-09 DUE ON 07.10.09 AT 11.00 AM**

- (a) The rate quoted per unit or end price in **Annexure - IX** shall be inclusive of Excise duty, freight, Insurance, CST, VAT, etc.
- (b) The rate per unit (end price) will be the criteria for determining the L1 rate.
- (c) The rate quoted in column 8 of **Annexure-IX** should be per unit and for specification given. Quantity offered should be in multiples of quantity required per Mobile Input unit.
- (d) The tenderer is required to furnish the break up details of end price in **Annexure-X**.
- e) For Imported Items if any, the tenderer should include, in their bid, all the cost such as custom duty payable on the goods. However the tenderer should indicate separately the customs duty payable on the goods to be supplied in the column provided in the commercial bid.
- f) In the case of manufacturer,
 - i. The tenderer shall necessarily quote the excise duty applicable when the item is excisable.

- ii. The tenderer shall specifically mention "**EXEMPTED**" when the item is excisable but exempted for time being based on the turn over or for any other grounds by the notification issued by the Government of India (**Also refer clause 22 (a) & (b)**).
- iii. The tenderer once quoted the excise rate is not permitted to change the rate/amount unless such change is supported by the notification issued by the Government of India or by the order of the court, after submission of Tender.
- iv. The tenderer who has quoted excise "NIL" in **ANNEXURE -X** and the item is excisable, on award of contract, will be eligible for payment only on production of invoices drawn as per Central Excise Rules.
- v. Each page of the commercial bid should be duly signed by the tenderer with office seal.
- vi. "Cover B" should also be addressed to the **Managing Director, Tamil Nadu Cooperative Milk Producers' Federation Limited, aavin Illam, Madhavaram Milk Colony, Chennai - 600051.**

SUBMISSION OF TENDER:-

16. (a) **The Technical Bid (Cover "A") and the Commercial Bid (Cover "B") should be separately sealed and both these covers shall be kept in a sealed Cover. The sealed tenders should reach the Managing Director, Tamil Nadu Cooperative Milk Producers' Federation Limited, aavin Illam, Madhavaram Milk Colony, Chennai - 600 051 on or before the date and time specified.**
- (b) Technical Bids (Cover A) will be opened at the office of the Tender Inviting Authority on the date and time specified in the presence of the Tenderers who choose to present.
- (c) Commercial Bids (Cover "B") of the tenderers who meets the eligibility criteria, evaluated on the basis of the details furnished by the tenderers in Technical Bid (Cover "A") and whose sample passes in the evaluation will alone be opened and the date and time of opening of Cover "B" will be intimated to these eligible / short listed tenderers.

PERIOD OF VALIDITY OF TENDERS

17. Bids shall remain valid for 120 days after the date of opening of Technical Bid (Cover "A") prescribed. A tender valid for a shorter period will be rejected as non-responsive. TCMPF may solicit the tenderer's consent for an extension of the period of validity.
18. **LIST OF INSTRUMENTS AND EQUIPMENT tendered and their specifications are enclosed in Annexure VI**

SAMPLES FOR EVALUATION

- 18 (a). The tenderer shall furnish samples of specified items mentioned in Annex – VIII at free of cost. The items submitted as samples should be of the same specifications for which the rate has been quoted. Any deviation will result in rejection of the sample. **The supplies should conform to the approved samples.**
- a) The type and nature of test is the prerogative of the Tender Inviting Authority.
- b) **Only one set of samples complying the description in the tender should be submitted and the rate quoted as per clause 15 shall be for the sample furnished.**
- c) The samples submitted should be tagged individually with a label in the format given below. The particulars on the tag should be furnished in indelible ink fastened to the sample.

TENDER FOR THE SUPPLY AND DELIVERY OF INSTRUMENTS AND EQUIPMENT TO VARIOUS DISTRICT COOPERATIVE MILK PRODUCERS' UNIONS LTD UNDER NADP 2008-09.	
Name of the tenderer	:
Item Code No	:
Name of the item	:
Make / Brand Name/ Model No.	:
No of samples submitted	:

- d) Submission of samples by the tenderer shall be along with the tender forms. Tenders submitted without samples shall be rejected for specified items.

INSPECTION

19. The Tender Inviting Authority and his authorized representative(s) have the right to inspect the factories of those companies who have quoted for this tender, before accepting the rate quoted by them or before releasing any order(s) or at any point of time during the continuance of tender and has also the right to reject the tender or terminate / cancel the orders issued or not to reorder based on facts brought out during such inspections.

PRICES AND OTHER CONDITIONS

20. The specification of the required goods is shown in **Annexure- VI**. The quantity mentioned is only the tentative requirement and may increase or decrease upto 25% as per the decision of the Tender Inviting Authority. The rates quoted should not vary with the quantum of the order or the destination and the distribution.
21. Rates should be quoted for each items inclusive of CST, VAT, Excise Duty, transportation, insurance, any incidental charges on door delivery basis according to the unit asked for, No tender conditions like “AT CURRENT MARKET RATES” shall be accepted and no tender in which the rate is quoted for a units other than the one asked for shall be considered. No handling, clearing or transport charges etc. will be paid. The deliveries should be made as stipulated in the supply order placed with successful tenderer.
22. (a) If at any time during the period of contract, the price of tendered items is reduced or brought down by any law or Act of the Central or State Government or by the tenderer himself, the tenderer shall be morally and statutorily bound to inform the Managing Director, Tamil Nadu Cooperative Milk Producers’ Federation Limited, Chennai immediately about such reduction in the contracted prices. The Tender Inviting Authority is empowered to unilaterally effect such reduction as is necessary in rates in case the tenderer fails to notify or fails to agree for such reduction of rates.

(b) **In case of any enhancement in Excise Duty / Custom duty or levying of Excise Duty / Custom duty afresh due to statutory Act of the Government after the date of submission of tenders and during the tender period, additional or fresh excise duty / custom duty so levied will be allowed to be charged extra as separate item without any change in price structure approved under this tender.** For claiming enhancement of the additional duty on account of the increase in Excise Duty / custom duty, the tenderer should produce

- (i) Certificate from the Excise authority concerned certifying that the item supplied falls under particular tariff and the rate of excise duty charged.
- (ii) Invoices drawn as per Excise rules for the item supplied shall be produced.
- (iii) In case of successful tenderer has been enjoying excise duty exemption on any criteria of Turnover etc., such tenderer will not be allowed to claim excise duty at later point of time, during the currency of contract, when the excise duty is chargeable on goods manufactured.

- 23. Each tender must contain not only the unit rate but also the total value of each item quoted for supply in the respective columns.
- 24. The rates quoted and accepted will be binding on the tenderer and on no account any increase in the price will be entertained till the completion of this tender period. No tenderer will be allowed at any time on any ground whatsoever to claim revision of or modification in the rates quoted by him. The representation of the tenderer that clerical error, typographical error etc. has been committed in the bid and request for revision shall not be considered after opening the bid. Conditions such as “SUBJECT TO AVAILABILITY” “SUPPLIES WILL BE MADE AS AND WHEN SUPPLIES ARE RECEIVED” etc., will not be considered under any circumstance and the tenders of those who have given such conditions shall be treated as incomplete and such tenders, liable for rejection.

ACCEPTANCE OF TENDER

25. The Tender Inviting Authority reserves the right to reject or to accept the tenders for the supply of all articles or for any one or more of the articles tendered for this tender without assigning any reason.
26. The Tender Inviting Authority will be at liberty to terminate, without assigning any reasons therefore, the contract either wholly or in part on one month's notice. The tenderer will not be entitled for any compensation whatsoever in respect of such termination.
27. The acceptance of the tenders shall be communicated to the tenderer in writing.

AGREEMENT

28. The tenderer, whose tender is accepted, shall execute an agreement on a non-judicial stamp paper of value of Rs.100/- (stamp duty to be paid by the tenderer) with the Tender Inviting Authority / assignee, as deemed fit, within fifteen days from the date of receipt of the purchase orders.

SECURITY DEPOSIT

29. i) The Successful tenderer within 15 days after receipt of purchase order shall be required to pay 5% of the total value of the orders placed after adjustment of EMD amount already paid by the purchaser as Security Deposit in a form of Demand Draft drawn in favour of the Managing Director, TCMPF Ltd, Chennai as specified in the purchase orders. This Security Deposit amount will be refunded after satisfactory completion of warranty period. The Security Deposit amount will not carry any interest.
- ii) In addition to other penal action if the supplier fails to supply the goods and perform the service as per contract leading to termination of the contract, the Security Deposit amount will be forfeited, and the tenderer will be blacklisted for a period of 2 years.
- iii) If the tenderer withdraw the tender after opening of Technical Bid Cover A, the EMD of such tenderer shall be forfeited and shall be blacklisted for the period of 2 years.

31. The Purchase order shall be placed by the Tender Inviting Authority. The delivery shall be made directly to the concerned DCMPUs unless otherwise

specified in the order. The delivery should start within 15 days & completed within 60 days from the receipt of the purchase order from the purchaser. The purchase order is deemed to have been received by the tenderer on expiry of 2 days from the date on which it was despatched by the office of the Tender Inviting Authority. Liquidated damages shall be charged on the delayed delivery @ 1% per month on the value of delayed supply. **(Refer clause 39).**

32. If the tenderer fails to deliver the goods within the stipulated time, the Tender Inviting Authority / purchaser is empowered to make emergency purchases and claim the difference in total cost from the supplier in addition to other remedies.
33. The delivery shall be made as per the schedules stipulated in the purchase order.

PACKING

34. The ordered items shall be supplied in the packing as is required to prevent their damage or deterioration during transit to their final destination. The packing shall be sufficient to withstand, without limitation, rough handling during transit and exposure to extreme temperature and open storage.

PAYMENT PROVISIONS

35. No advance payments will be made for the orders placed.
36. 80% Payment will be paid after receipt of items in good condition and the balance 20% will be made after completion of entire contract.
37. If any of the articles which the supplier has failed to supply is not available in the local market or if it is not possible for the Tender Inviting Authority to purchase it in time, it will be open to Tender Inviting Authority or to any persons authorized to purchase a substitute for the said item and to recover from the tenderer the difference, if any between the price of the substituted articles and the price payable under this contract.
38. The opinion of the Tender Inviting Authority is final and binding on the tenderer as to the availability of the articles in the local market or where it is not possible to purchase the item in time and as to the nature and quality of the substitute.

LIQUIDATED DAMAGES

39. (a) Subject to force majeure conditions, if the Supplier fails to deliver the Goods and to perform the services within the scheduled delivery period, liquidated damages at 1.0 percent per month of the contract price or part thereof will be levied for the values of supplies delayed. However the Tender Inviting Authority is at liberty either to cancel the order or to accept the goods after the expiry of 60 days from the date of the receipt of the purchase order. **(Refer clause 31)**
- (b) The Tender Inviting Authority is entitled to accept the goods even after expiry of 60 days by imposing Liquidated damages and however the imposition of LD does not create any rights on the tenderer to demand the Tender Inviting Authority to accept the goods delivered beyond 60 days.

AWARD OF CONTRACT:

40. i. The Tender Inviting Authority shall award the Contract to the Tenderer whose offer has been determined to be the lowest evaluated tender and is substantially responsive to the Tendering Documents provided further that the Tenderer is determined to be qualified to perform the Contract satisfactorily.
- ii. At the time the contract is awarded, the Tender inviting authority reserves the right to increase or decrease the quantity up to 25% indicated in the tender document.
- iii. Prior to the expiration of the period of tender validity, the Tender inviting authority shall notify the successful Tenderer, in writing, that its Tender has been accepted.
- iv. Until a formal Contract is executed, the notification of award shall constitute a binding Contract.
- v. Failure of the successful Tenderer to furnish the Security Deposit (Refer Clause 29(i)) or sign the Contract, sufficient grounds for the annulment of the award and forfeiture of the Tender Security and liable to be blacklisted for the period of 2 years. In that event, Tender inviting authority may award the Contract to the next lowest evaluated Tenderer, whose offer is substantially responsive and is determined by the Purchaser to be qualified to perform the contract satisfactorily.

WARRANTY

41. The tenderers shall supply goods under this tender new, unused and shall have no defect arising from material, workman ship or from any act of omission of the tenderer, that may develop under normal use of the supplied goods and shall provide warranty for a period of one year for the instruments from the date of receipt at the destination and for the equipment the warranty period shall be for period of 3 years from the date of receipt of equipment at the destination.

QUALITY TESTING

42. Samples of supplies, if necessary in each batch will be chosen at the point of supply or distribution / storage points for testing. The samples will be sent to different experts/ laboratories for testing as decided by the Tender Inviting Authority.
43. In the case of suppliers for which samples are chosen for testing, the supplies will be deemed to be completed only upon receipt of the quality certificates from the experts / laboratory. Samples which do not meet quality requirements shall render the relevant goods liable to be rejected. If the samples do not conform to statutory standards/ literature/ brochure, the tenderer will be liable for relevant action under the existing laws and the entire item supplied should be taken back by the supplier within a period of 15 days of the receipt of the letter from the Tender Inviting Authority. The supplied item shall be taken back at the expense of the supplier. The Tender Inviting Authority has the right to destroy such substandard goods if the supplier does not take back the goods within the stipulated time. The supplier for the product shall be blacklisted and no further supplies accepted from him till he is legally cleared. The supplier shall also not be eligible to participate in TCMPF tenders for supply of such item for a period of two subsequent years.
44. The tenderer shall have to bring specified equipment for demonstration if warranted by Tender Inviting Authority or the committee authorized at the time of technical evaluation.
45. The decision of the Tender Inviting Authority or any officer authorized by him, as to the quality of the supplied items shall be final and binding.

FORCE MAJEURE

46. Force majeure means an event beyond the control of the supplier and not involving the supplier's fault or negligence and not foreseeable. Such event may include but are not limited to, acts of the purchaser's sovereign, wars or revolutions, fires, floods, epidemics, quarantine restrictions and freight embargoes.

SAVING CLAUSE

47. No suit, prosecution or any legal proceedings shall lie against TCMPPF Ltd., or any person for anything that is done in good faith or intended to be done in pursuance of tender.
48. In the event of any dispute arising out of the tender such dispute would be subject to the jurisdiction of the Civil Court within the city of Chennai.

PERFORMANCE STATEMENT

DETAILS OF SUPPLY

(FOR LAST 3 YEARS)

Name of firm : _____

Name of the equipment	Year	Quantity supplied.	Name and full address of the purchaser
1	2	3	4

ANNUAL TURN OVER STATEMENT

The Annual Turnover of M/s_____ for the past three years are given below and certified that the statement is true and correct.

S.No.	Year	Turnover in lakh Rs
1.	2006 - 2007	-
2.	2007 - 2008	-
3.	2008 - 2009	-
Total -		Rs. _____ lakh.

Average turnover per annum - Rs. _____ lakh.

Date:

**Signature of Auditor/
Chartered Accountant**

Affidavit

1. I _____ son of _____ aged about _____ years Proprietor / Partner* / Managing Director* of M/s _____ (name and address of the tenderer) do hereby solemnly affirm and sincerely state as follows;
2. The tenderer has submitted the tender for the supply of instruments and equipment to DCMPUS under NADP 2008-09.
3. I state that the tenderer, if awarded contract undertake to supply the item and equipment and appliances for which sample/s has/have been approved by the tender inviting authority and there will not be any deviation in the supply of Instruments and equipment to DCMPUs under NADP 2008-09 for which samples have been approved by the tender inviting authority.
4. I undertake that in case of the supply of the item of equipment or appliances deviating from the samples approved by the tender inviting authority and the literature submitted by the tenderer the tender inviting authority s at liberty to prosecute for breach of trust or for any other offence which warrants prosecution.

Solemnly affirmed at this the __ day
of _____ 2009 and signed in my presence

Signature of the tenderer
`BEFORE ME

Notary public

* All partners shall furnish affidavit

* Managing Director shall be authorized by the company by resolution and he shall swear for the company and for himself

**LIST OF INSTRUMENTS AND EQUIPMENT AND THEIR SPECIFICATIONS
AND QUANTITY REQUIRED**

Specification for list of items to be tendered per Mobile Input unit

1. All surgical instruments shall be made of high grade stainless steel.
2. The catalogue number shall be given for surgical instrument and appliances
3. The surgical instruments and appliances shall conform to the BIS specification if any.

S.No	Code No	NAME OF THE ITEM	Unit	Qty required per mobile input unit	Total quantity required	Specification enclosed in
I		Breeding items				
1	B001	Frozen semen container- 3-4 lit capacity	Nos	1	70	Annexure VI-1
2	B002	AI gun universal	Nos	2	140	Annexure VI-2
3	B003	Thawing flask	Nos	2	140	Annexure VI-3
4	B004	Pocket thermometer with protective cover	Nos	2	140	Annexure VI-4
5	B005	Straw cutting scissor 6" SS	Nos	2	140	
6	B006	Straw lifting forceps 12" SS	Nos	2	140	
7	B007	LN2 measuring scale- made of wooden, measuring 1.0 mtr length graduated both in centimeter and inches.	Nos	1	70	
8	B008	Crystoscope.	Nos	1	70	Annexure VI-5
II		Obstetrical items				
9	G001	Obstetrical set- Portable Leather bag containing the following items i Long handle obstetrical hook (detachable) ii Wire saw with handle iii Eye hook with calving nylon rope iv Obstetrical chain v Calving rope carrier vi Obstetrical hook- Harms pattern vii Thygesans pattern embryotome with detachable handle viii Cleaning brush with wire threader ix Hobdays vectis with loops on either end x Prolapse suture needle xi Cammerers torsion fork xii 3 meters 2 piece Nylon rope	Nos	1	70	
		xiii Tissue paper roll xiv Funnel 3" dia xv Cow catheter double channel xvi Rubber sheet 6' x 4' (water proof) xvii Soap box xviii Latex Gloves 2 pairs- full arm				
10	G002	Gumboot 9" to 10" size (duckback or equivalent)	pair	1	70	
III		Clinical				
11	C001	Veterinary Stethoscope - large diaphragm 1.75 inches with extra ear studs and diaphragm along	Nos	1	70	

S.No	Code No	NAME OF THE ITEM	Unit	Qty required per mobile input unit	Total quantity required	Specification enclosed in
		with zip type pouch				
12	C002	Butlers Mouth Gag - Brass make	Nos	1	70	
13	C003	Probang superior grade spirilated plated Steel covered with plastic hose and fitted with wooden handle at one end.	Nos	1	70	
14	C004	Plastic measuring jug 1 lit (graduated for 10 ml) - food grade	Nos	1	70	
15	C005	Stomach tube 1 mt length;1/2 inch dia rounded off ends with wooden mouth gag	Nos	1	70	
16	C006	Fibre Plastic. Equipment Box with Partition and Tray for keeping Medicine Equipments and consumables Size. 2 ft. L. 1 ft. W, Ht.15" appx. With povision for lock and key and lifting handle.	Nos	1	70	
17	C007	Tooth rasp with 2 rasps and one universal hand	Nos	1	70	
18	C008	Trocar and canula steel (chromium plated)- large	Nos	2	140	
19	C009	Trocar and canula set of 4 steel (chromium plated)	Nos	2	140	
20	C010	Rumen puncture needle brass CP 4"	Nos	2	140	
21	C011	Vaginal Speculum SS CP -12"	Nos	1	70	
22	C012	Intrauterine catheter with side opening provided with needle hub suitable for syringe attachment	Nos	2	140	
23	C013	Clinical thermometer with protective cover	Nos	5	350	
IV		Surgical				
24	S001	Teat syphon self retaining (milk syphon) - SS	Nos	2	140	
25	S002	Teat dilator SS	Nos	2	140	
26	S003	Teat slitter with concealed blade SS	Nos	2	140	
27	S004	Teat tumour extractor conical plugs SS	Nos	2	140	
28	S005	Teat tumor extractor with three rings SS	Nos	2	140	
29	S006	Teat pencil line SS	Nos	2	140	
30	S007	Teat cannula with front and side openings SS	Nos	2	140	
31	S008	Teat opener grooved American pattern SS	Nos	2	140	
32	S009	Teat scissors 6" SS	Nos	2	140	
33	S010	Abscess Knife SS Size: 6" curved non folding (made from Surgical grade steel Finished with chemical coating for preventing rust.)	Nos	3	210	
34	S011	Alice Tissue Forceps SS Size 8" (made from Surgical grade steel. Finished with chemically coated, with lock and perfect alignment of both ends)	Nos	3	210	
35	S012	Artery Forceps spenserwells straight- 6"	Nos	3	210	
36	S013	Artery Forceps spenserwells straight- 8"	Nos	3	210	
37	S014	Artery Forceps spenserwells curved on flat- 6"	Nos	3	210	
38	S015	Artery Forceps spenserwells curved on flat - 8"	Nos	2	140	
39	S016	Dissecting forceps- 6" SS	Nos	1	70	
40	S017	Dissecting forceps- 8" SS	Nos	1	70	
41	S018	Rat toothed thumb forceps- 8" SS	Nos	1	70	
42	S019	Needle holder 6" SS	Nos	1	70	
43	S020	Eye lid retractor SS	Nos	2	140	
44	S021	Hoof trimmer	Nos	2	140	
45	S022	Spatula-SS	Nos	4	280	
46	S023	Suture Needle (6) pkt straight traumatic - eye for catgut size 3	Nos	4	280	

S.No	Code No	NAME OF THE ITEM	Unit	Qty required per mobile input unit	Total quantity required	Specification enclosed in
47	S024	Suture Needle (6) pkt half circle traumatic- eye for catgut size 3	Nos	4	280	
48	S025	Chromic catgut size 1 -12 coils	Nos	1	70	
49	S026	Chromic catgut size 2- 12 coils	Nos	1	70	
50	S027	Black braided silk suture thread non absorbable 20 spools box Size 1	Nos	1	70	
51	S028	Black braided silk suture thread non absorbable 20 spools box Size 2	Nos	1	70	
52	S029	Black braided silk suture thread non absorbable 20 spools box Size 3	Nos	1	70	
53	S030	Bard Parker Blade Handle (Size 3, Made from surgical grade steel. Finished with chemical coating for preventing rust)	Nos	2	140	
54	S031	Bard Parker Blade Handle (Size 4, Made from surgical grade steel. Finished with chemical coating for preventing rust)	Nos	2	140	
55	S032	Bard Parker blade Sterile - Suitable for BP handle size 3 (in Box of 50) Blades should be sterile. Surgical grade steel. Finished with coating for preventing rust)	Nos	2	140	
56	S033	Bard Parker blade Sterile - Suitable for BP handle size 4 (in Box of 50) Blades should be sterile. Surgical grade steel. Finished with coating for preventing rust)	Nos	2	140	
57	S034	Enamel Feeding Cup- Size 14 cm. dia	Nos	2	140	
58	S035	Dehorner - Electric with Wooden Handle - (Working on 230 Volt)	Nos	2	140	
59	S036	Dressing Forceps SS Size 6" ; Made from surgical grade steel. Finished with chemical coating for preventing rust, with lock and perfect alignment of both ends.	Nos	2	140	
60	S037	Kidney Tray SS Size: 10" Made from surgical grade steel. Finished with chemical coating for preventing rust.	Nos	1	70	
61	S038	Kidney Tray SS Size: 12" Made from surgical grade steel. Finished with chemical coating for preventing rust.	Nos	1	70	
62	S039	Gerlacs Needle for vulval suturing - SS 18 G (SS Size 8". Made from surgical steel. Finished with chemical coating for preventing rust.)	Nos	1	70	
63	S040	Gerlacs Needle for Vulval suturing - SS 18 G (SS Size 10". Made from surgical steel. Finished with chemical coating for preventing rust.)	Nos	1	70	
64	S041	Scalpel Straight SS Size 3". Made from surgical grade steel. Finished with chemical coating for preventing rust.	Nos	2	140	
65	S042	Mayo Scissors Straight SS (Size:6"; one end sharp one end blunt. Made from surgical grade steel finished with chemical coating for preventing rust).	Nos	2	140	
66	S043	Mayo Scissors Straight SS (Size:6"; both end sharp. Made from surgical grade steel finished with chemical coating for preventing rust).	Nos	2	140	

S.No	Code No	NAME OF THE ITEM	Unit	Qty required per mobile input unit	Total quantity required	Specification enclosed in
67	S044	Mayo Scissors Straight SS (Size:6"; curved on flat. Made from surgical grade steel finished with chemical coating for preventing rust).	Nos	2	140	
68	S045	Suture cutting scissor- (Size:6"; Made from surgical grade steel finished with chemical coating for preventing rust).	Nos	2	140	
69	S046	Tray SS with Lid(Rectangle) / Size 45 x 30 cms 2 compartments. Rectangle in shape. Lid provided with handle. Both tray and lid made from surgical grade steel. Finished with Chemical coating for preventing rust.	Nos	1	70	
70	S047	Sterilizer	Nos	1	70	Annexure VI-5
71	S048	Burdizzo Castrator 19" SS	Nos	1	70	
V		Diagnostic items				
72	L 001	Centrifuge table top:	Nos	1	70	Annexure VI-5
73	L 002	Binocular Microscope with wooden case	Nos	1	70	Annexure VI-6
74	L 003	Microscope glass slide (75x25x1.35mm) (50 nos/pkt)	Nos	2	140	
75	L 004	Cover slip circle 18 mm round thickness no1(0.13mm to 0.16mm) (100/box)	Nos	2	140	

Annexure VI-1

SPECIFICATION FOR FROZEN SEMEN CONTAINER OF 3 TO 4 LITRE CAPACITY FOR STORING FROZEN SEMEN STRAWS

Capacity	3-4 litres
Neck opening diameter	51 mm \pm 1 mm
Static Evaporation rate at STP conditions	Max 0.15 litres / day
No. of Canisters	6
Canister height	120 mm \pm 1 mm
Canister OD	38mm \pm 1 mm
Straw holding capacity	
Medium straws 0.5 ml	720
Mini straws 0.25 ml	1560

Warranty - for a period of two years

Container should be made of high strength Aluminium Alloy

Side rubber rings and bottom pads must be provided

Annexure VI-2

SPECIFICATION FOR UNIVERSAL ARTIFICIAL INSEMINATION GUN

1. Suitable for French medium and mini straws.
2. Made of stainless steel (A.I.S.I. 304 grade).
3. The rod used by manufacturer should be in single piece.
4. Suitable for split /unsplit sheath.
5. Should be provided with lock
6. Measurement

a	Total length	448.0 ± 0.5 mm
b	Outer diameter	3.5 ± 0.01 mm
c	Inner diameter	2.9 ± 0.01 mm
d	Wall thickness	0.3 ± 0.05 mm

7. Only 8-10 mm of straw should remain outside the gun.
8. Should facilitate easy and proper fitting of sheath on the gun.
9. The piston should move freely into the gun with its blind tapering anterior end and should be able to push the factory plug of straw from one end to the other without any difficulty.
10. The length of the piston should be adjusted to ensure that only 2-3 mm of its length projects outside the main frame of the gun when not in use.
11. The piston fitting in the gun should not be loose.
12. Smooth surface
13. Lock should be strong should lock easily and perfectly
14. With adequate flexibility of piston
15. The ring should be strong & sturdy
16. Easy to load straws and sheath
17. Fixing the ring on the sheath should be easy.
18. While in use the piston should push the factory plug easily and the factory plug should not come out after insemination
19. After insemination the removal of the ring should be easy.
20. Warranty – for a period of two years
21. Gun container: Every Universal A.I. Guns should be supplied with PVC container with two lids (The lid should be screw type) and one lid should be marked as top.

The Artificial Guns shall be securely packed and each pack shall be marked legibly and indelibly with the following markings

- Name of the material
- Source of manufacture
- Number of guns in each container and
- Type of gun

Samples for testing – as specified in the tender.

Annexure VI-3

SPECIFICATION FOR THAWING FLASK FOR BOVINE SEMEN STRAWS

1. The flask should have an outer jacket made of high grade quality plastic.
2. It should have an inner jacket made of high grade and quality stainless steel.
3. The inner vessel is insulated with polyurethane foam filled in between the steel inner and plastic outer jacket.
4. The flask should have a wide mouth with an inner diameter of 75 mm and outer diameter of 95 mm.
5. The flask should have depth of 165 to 170 mm.
6. The outer height of the flask should be 185 mm.
7. The flask should be provided with an airtight screw type PUF insulated lid.
8. The flask should maintain the desired temperature for a minimum of 4 hours.
9. The flask should be provided with a well-attached durable Nylon shoulder strap of suitable length for easy and convenient carriage.

Annexure VI-4

SPECIFICATIONS FOR THERMOMETER FOR CHECKING THE TEMPERATURE OF WATER USED FOR THAWING FROZEN SEMEN STRAW

1. To measure 0° C to 50° C / 110° F
2. Durable glass body
3. Marking to measure 0°C to 50°C / 110°F with 1° graduations
4. Non toxic and environmentally safe alcohol thermometer
5. Easy readability
6. Compact to handle and carry
7. Easy to clean
8. Graduations should be clear and permanent
9. High accuracy
10. Special plastic casing / cover for carrying

Annexure VI-5

Technical Specifications for Centrifuge table top:

Electrical centrifuge 300 ml. capacity with step less speed control, illuminated switch 1-99 MB. Digital preset timer with by pass switch and digital speed indicator. Maximum speed: 8000 TPM, Max RCF: 3950 xg with 8 x 15 ml. angle rotor head with metal carriers and polypropylene tubes

Technical Specifications for Sterilizer:

Stainless Steel - 43 x 20 x 15cm electrically operated. Working on 230 Volts AC with thermostatic temp. Control and tray lifting arrangement with detachable S.S. inner tray. Supplied with 2 S.S. tray lifting holder provided with tap to drain out water.

Technical Specifications Crystoscope.

The equipment is to be used for the visualization of fern patterning in bovines to predict correct timing for artificial insemination. It should have an illuminating source and/or illumination can be provided through natural light It must have a port for inserting the microscopic slide with a lens of suitable focal length and diameter along with focusing knob. All other accessories may be provided with the equipment. Cell should be inserted with the instrument.

Annexure VI-6

Specifications for Binocular Microscope with wooden case

Microscope Frame	Ergonomic design	Aluminum die-cast body with new generation ergonomic design for long hours of fatigue free work
	Window in the arm section	To Allow the slide to be observed from the back to see the currently engaged objective For observation of the specimen from the back while using external light to access the reflection mirror
	Focusing	Coaxial Coarse / Fine knobs. Fine Focus Knob (Graduated), Tension Adjustment on the right side
	Nosepiece	Quadruple revolving nosepiece (fixed)
	Co-axial low drive Mechanical stage	Hard, Abrasion Resistant Coating on stage with very smooth & sensitive movement for Ease-Of Operation for accurate & precise manipulation of specimen slides. Mechanical Stage Movement (XY direction) on rack & pinion & with right hand drive HARD, ABRASION RESISTANT COATING ON STAGE. VERY SMOOTH & SENSITIVE MOVEMENT FOR EASE-OF OPERATION for accurate & precise manipulation of specimen slides Stage size 132 x 120mm, Movement 76 x 46mm designed to accommodate the microscope slides which are 75x25 mm in size.
	Stage	Plane stage 120mm x 132mm
	Immersion Oil	8cc immersion oil
	Cover	Venyle Dust Cover
	Observation Tube	Binocular Observation Tube
Objectives 4x, 10x, 40x (spring), & 100x (spring,oil) (Anti-Fungus)		Parfocality
		Centering
	Interchangeability	Interchangeable Objectives & can be mounted in any sequence or location on the quadruple revolving nose piece without effecting their Parfocality & Centering
	Color corrections	At all magnifications
LB paired wide field eyepiece 10x, F.N. 18mm, (Anti-Fungus)	ANTI-FUNGUS TREATED - SEALED EYEPIECES Hard antireflection coatings on eyepieces	Image excellence to long-lasting
	Compensating Eyepieces	To Assure image sharpness in the visual field
	HIGH EYEPOINT	Easy to use by persons who wear glasses & Eliminate Eye-Strain & Enables fatigue free observation over long period of time

Illumination System	Abbe Condenser	N.A 1.25 (oil immersion), with aperture iris diaphragm
	Built-in illumination through SMPS circuit	For 6V 20W halogen illuminator for constant voltage output to cover input voltage fluctuations from 100V to 240V.
	Built-in illumination through SMPS circuit for constant voltage output to cover input voltage fluctuations from 100V to 240V.	This prolongs bulb life and prevent frequent bulb change
	ASPHERIC LENSE SYSTEM in Condenser & light relay system	For brilliant and uniform light resulting in a Bright and crisp image
		for OPTIMIZATION OF ILLUMINATION
		The use of the aspheric lenses in the condenser & light relay system maximizes the collection of light emanating out of the bulb thereby condensing them as a strong light beam moving along the optical axis of the microscope which results in bright & even.
	TRULY DAY-LIGHT FILTER	for exceptional images contrast
Push fit filter holder	For safety & protection from breakage	
Mirror Unit	Plano-concave mirror unit (for using the instrument in case of no power supply)	
OPTICS	MULTI LAYER COATINGS on optics (for Excellent Definitions & Higher Image Contrast)	Multilayer coatings to apply through a special lens coating machine to minimize lens surface reflections & eliminate flare and determine the best combination to achieve higher image contrast
		To resulting the minimum distance at which two minute dots in a specimen can be clearly distinguished
	EXCLUSIVE ANTI-FUNGUS TREATMENTS	To Maintain optimum performance. Image excellence is extremely long-lasting even in conditions liable to fungus accumulation
	EXCLUSIVE ANTI-FUNGUS TREATMENTS	Extensive anti-fungus application from the eyepiece and objectives to the interior of the observation tube, comprehensive anti fungus treatments to apply to every area which effects the clarity of the observation images
ISO Certification	Manufactured in a ISO 9000-2001 certified company	To ensure the Customer Satisfaction
Packing		Complete set to be packed in wooden case with locking system

LIST OF ITEMS QUOTED

S.No	Code No	Name of the item quoted	Unit	Total quantity required	Quantity offered
I		Breeding items			
1	B001	Frozen semen container- 3-4 lit capacity	Nos	70	
2	B002	AI gun universal	Nos	140	
3	B003	Thawing flask	Nos	140	
4	B004	Pocket thermometer with protective cover	Nos	140

9	G001	Obstetrical set- Portable Leather bag containing the following items	Nos	70	
	I	Long handle obstetrical hook (detachable)			
	ii	Wire saw with handle			
	iii	Eye hook with calving nylon rope			
	iv	Obstetrical chain			
	V	Calving rope carrier			
	vi	Obstetrical hook- Harms pattern			
	vii	Thygesans pattern embryotome with detachable handle			
	viii	Cleaning brush with wire threader			
	ix	Hobdays vectis with loops on either end			
	X	Prolapse suture needle			
	xi	Cammerers torsion fork			
	xii	3 meters 2 piece Nylon rope			
	xiii	Tissue paper roll			
	xiv	Funnel 3" dia			
	xv	Cow catheter double channel			
	xvi	Rubber sheet 6' x 4' (water proof)			
	xvii	Soap box			

S.No	Code No	Name of the item quoted	Unit	Total quantity required	Quantity offered
	xviii	Latex Gloves 2 pairs- full arm			
10	G002	Gumboot 9" to 10" size (duckback or equivalent)	pair	70	
III		Clinical			
11	C001	Veterinary Stethoscope - large diaphragm 1.75 inches with extra ear studs and diaphragm along with zip type pouch	Nos	70	
12	C002	Butlers Mouth Gag - Brass make	Nos	70	
13	C003	Probang superior grade spirilated plated Steel covered with plastic hose and fitted with wooden handle at one end.	Nos	70	
14	C004	Plastic measuring jug 1 lit (graduated for 10 ml) - food grade	Nos	70	
15	C005	Stomach tube 1 mt length;1/2 inch dia rounded off ends with wooden mouth gag	Nos	70	
16	C006	Fibre Plastic. Equipment Box with Partition and Tray for keeping Medicine Equipments and consumables Size. 2 ft. L. 1 ft. W, Ht.15" appx. With provision for lock and key and lifting handle.	Nos	70	
17	C007	Tooth rasp with 2 rasps and one universal hand	Nos	70	
18	C008	Trocar and canula steel (chromium plated)- large	Nos	140	
19	C009	Trocar and canula set of 4 steel (chromium plated)	Nos	140	
20	C010	Rumen puncture needle brass CP 4"	Nos	140	
21	C011	Vaginal Speculum SS CP -12"	Nos	70	
22	C012	Intrauterine catheter with side opening provided with needle hub suitable for syringe attachment	Nos	140	
23	C013	Clinical thermometer with protective cover	Nos	350
